Лабораторна робота №4

Завдання на лабораторну роботу

Завдання 1.

Лістинг програми:

```
//task1

let srcString = document.getElementById( elementId: "srcString");
let images = document.querySelectorAll( selectors: 'img');

for(let i of images){
    i.addEventListener( type: "click", showSrc);
}

function showSrc(){
    srcString.innerText = this.src;
}
```

Результат виконня:

http://localhost:63342/%D0%BB%D0%B0%D0%B14/image/chicago.jpg

Завдання 2.

Лістинг програми:

```
//task2
let numbers = document.getElementById( elementId: "numbers")

for(let p of numbers.childNodes){
    p.addEventListener( type: "click", squareNumber)
}

function squareNumber(){
    this.innerText = this.innerText * this.innerText;
}
```

Результат виконня:

5

815730721

7

Завдання 3.

```
//task3
let links = document.getElementById( elementId: "links");

ffor(let p of links.childNodes){
    p.addEventListener( type: "mouseover", showHref)
}

ffunction showHref(){
    if(this.innerText != this.innerText+"("+this.href+")"){
        this.innerText = this.innerText+"("+this.href+")";
    }
    this.removeEventListener("mouseover", showHref);
}
```

Google
Google

Завдання 4.

```
//task4

let inputs = document.getElementById( elementId: "inputs");

for(let p of inputs.childNodes){
    p.addEventListener( type: "blur", checkLength)

}

function checkLength(){
    if(this.value.length == 10){
        this.style.borderColor = "green";
    }else{
        this.style.borderColor = "red";
    }
}
```

```
1234567890
уа
пкпкпупукп
```

Завдання 5.

```
<div class="task5" id="elem">
    Призвіще Ім'я По-батькові

    <button id="changeClass">Change</button>
    <button id="checkClass">Check</button>
</div>
```

```
//task5
let checkClassButton = document.getElementById( elementid: "checkClass");
let changeClassButton = document.getElementById( elementid: "changeClass");
let countOfClass = document.getElementById( elementid: "countOfClass");
let pib = document.getElementById( elementid: "pib");

changeClassButton.addEventListener( type: "click", changeClass)
checkClassButton.addEventListener( type: "click", checkClass)

function changeClass(){
   if(pib.classList.contains("p")){
        pib.classList.remove( tokens: "p")
   }else{
        pib.classList.add("p")
   }
}

function checkClass(){
   countOfClass.innerText = `Count of class: ${pib.classList.length}} (${pib.classList})`;
}
```

Призвіще Ім'я По-батькові

Count of class: 2 (pb p)

Change Check

Завдання 6.

```
let list = document.getElementById( elementld: "list");
let addRowToList = document.getElementById( elementld: "addRow");
let deleteRowInList = document.getElementById( elementld: "deleteRow");
addRowToList.addEventListener( type: "click", addRow)
deleteRowInList.addEventListener( type: "click", deleteRowFromButton)
for(let k of list.childNodes){
    k.addEventListener( type: "click", deleteRow);
};
function addRow(){
    let row = document.createElement( tagName: "li");
    row.innerText = Math.random().toFixed( fractionDigits: 2)*100;
    row.addEventListener( type: "click", deleteRow);
    list.appendChild(row);
function deleteRowFromButton(){
    list.removeChild(list.lastElementChild);
function deleteRow(){
    list.removeChild(this);
```

3.53

4. 19

Add Delete

Завдання 7.

```
//task7
var acc = document.getElementsByClassName( classNames: "accordion");
var activeChapter = false;

inaddEventListener( type: "click", displayContent);

function displayContent() {
    this.classList.toggle( token: "active");
    var content = this.nextElementSibling;
    if(content.style.display == "block") {
        content.style.display = "none"
        activeChapter=false;
    }else{
        if(!activeChapter) {
            content.style.display = "block";
            activeChapter=true;
        }
    }
}
```
